WORK EXPERIENCE

Information Systems Analyst II

Institute for Labor Studies (ILS)

10/2020 - Present

Intramuros, Manila

Achievements/Tasks

- Developed and implemented web-based solutions improving internal operations that increased work efficiency by 50% while minimizing paper-based transactions
- Created, maintained and monitored 4 in-house internal systems with over 50 users
- Initiated and devised a website migration plan, preserving data backlinks from 2007 to 2021 and improving its overall performance
- Redesigned and rebuilt the institute's website, resulting in a 30% increase in traffic and 40% in user experience
- Provided IT support services for troubleshooting and system operations, ensuring 100% of tickets are resolved
- Formulated systems planning, analysis and design documentations and user manuals for in-house and outsourced systems

Android Developer Intern

Philippine Rice Research Institute

02/2019 - 05/2019

Science City of Muñoz, Nueva Ecija

Achievements/Tasks

- Developed a kotlin-based android application that monitors the microclimate, air quality, water quality and water level of a rice farm
- Integrated Google Maps API for location and custom map overlays and Dark Sky API for weather forecast
- Involved in the development of the application's components and UI resources
